

Are you overwhelmed by the needs of your congregation?

One of the biggest frustrations for church leaders is that there are so few people helping when there is so much work to do! Do you see that people are hurting and reaching out for help and you don't know how to handle it all? Do you ask yourself, where are the people who are gifted to minister, both to people in the church, and to our hurting communities?

What stops gifted leaders from stepping into their God-given ministry?

Things like guilt, shame, fear and pain from past hurts keep people feeling trapped and inadequate.

What can change this?

Freedom ministry helps people recognize the areas that hold them back. It teaches, mentors and guides them to find and maintain freedom and healing... *releasing them into the ministry they were created to thrive in!*

WHY ATTEND THIS CONFERENCE?

This conference is offered to share what we have learned and to encourage and offer to help both individuals and churches *step into the process of getting free and then setting up ministries to set others free!* We won't kid you... it is a lot of work! But it starts a chain reaction that brings people out of the shadows and into God's light and plan... producing lasting fruit in the Kingdom of God!

"The thief comes to steal, kill and destroy..."

John 10:10 alerts us as to Satan's intentions for our destiny. There is no doubt that the enemy opposes God, His plans and purposes, as well as His children. This opposition takes many forms but the truth is that Satan will use **ANYTHING** he can to control us and keep us from the abundant life God has promised.

The struggles we face, the wounds we endure, and the weaknesses with which we wrestle become like **hooks** that Satan and the demonic realm use to control and manipulate us. Things like:

- *Addictions
- *Intimidation
- *Anger/Rage
- *Selfishness
- *Fear
- *Lust
- *Jealousy
- *Greed

Dr. Bill Sudduth, founder of Righteous Acts Ministries says, "I truly believe Satan is content controlling these and other areas of our lives and keeping us from fulfilling God's plan for our lives.... I liken it to a fishhook. A fishhook can cause a lot of damage if not removed properly. They can and will cause pain and serious injury and scars will result. Satan's **hooks** are no different..."

With Jesus' example and His commissioning, we believe that "**freedom ministry**" can remove the hooks when done with love and compassion, as well as, with integrity.
